

PLUTA
Cancer Center
FOUNDATION

The Pluta Integrative Oncology and Wellness Center

“To plant a garden is to believe in tomorrow. What started as an enlightened, progressive vision is now an exciting actuality, providing an even greater balance of strength and comfort together in one dynamic Integrative Center.”

Throughout the spring, the second floor of The Pluta Cancer Center will be transformed into a healing nurturing space that will be known as the Pluta Integrative Oncology and Wellness Center. It will embody the same personal warmth and positive energy that make our excellent medical facility a place of refuge for our patients; its heartbeat will be proactive.

Nutrition

Touch

Movement

By contributing to our 19th Annual Emerald Ball, you can support the patients coming through our doors and the medical professionals working every day against this disease. Funds that are raised support a variety of patient-centered programs including:

- Exercise to improve physical strength through yoga, Tai-Chi, and cardio conditioning.
- Nutritional counseling, cooking demonstrations and lectures to feed both the body and the soul.
- Massage and meditation for pain relief and more complex relaxation.
- Supportive therapies in art and music where patients can express their emotions.

Pluta Cancer Center will celebrate its 19th Annual Emerald Ball at Oak Hill Country Club on Saturday, September 8th, 2018. In addition to the enclosed sponsorship opportunities, we also appreciate donations in the form of gift certificates that will help us to raise additional funds at the event. The Emerald Ball is an evening of hope, healing and celebration of the Pluta Cancer Center’s mission, staff, patients and volunteers. We cannot thank you enough for your continued support!

Warm regards,

Barbara Pluta Randall
Emerald Ball Co-Chair
